

First announcement of the  
**3<sup>rd</sup> Scandinavian Conference**

## Current Status of Quality in Research and Development

**4-5 October 2006, The IDA Conference Centre, Copenhagen,  
Denmark**

\* \* \*

**Organized by  
The Danish Quality Assurance Group (DKG) &  
The Swedish Association of Research Quality Assurance (SARQA)**

\* \* \*

### **OBJECTIVES**

The goal of this Conference is to give an updated status of quality issues in research and development in the regulated areas of the biotechnological, chemical and pharmaceutical industry. It will provide a forum for discussion among professionals from industry, academia and regulatory bodies involved in some of the practical aspects of quality management and quality assurance. The sessions will allow time for sharing of experience and for discussions between the speakers and the participants.

### **WHO SHOULD ATTEND?**

Quality assurance professionals, regulators, safety officers, laboratory management and study team members/personnel from both industry, contract research organisations and academia, who has interest and/or experience in the application of Good Practices and quality systems in research and development of biotechnological, chemical or pharmaceutical products.

### **Conference Programme**

A pre-final version of the conference programme is attached to this mail and can also be found on the web pages of DKG - <http://www.dkgqa.dk/> - and SARQA - <http://www.sarqa.com/>

Please notice that the presentations will be held in English.
